Carnivores are crushed. Our 110 Apex Hunter XP SR Poseidon pairs a Model 110 action with a 3-9X40mm Vortex Crossfire II scope that comes mounted, bore-sighted and ready to hunt. The platform provides accuracy and adjustability like no other package predator rifle thanks to the Savage AccuTrigger, thread-in headspacing, floating bolt head and precision button-

rifled medium barrel. Plus, the length-of-pull of its synthetic Veil Poseidon Black camo stock can be easily adjusted to fit any hunter for better comfort and consistency. The Crossfire II Dead-Hold BDC reticle makes it easy to place accurate shots at extended range, and the optic is securely mounted to two-piece bases.
