- Reliable, single-shot action
- Manual safety
- Unload without pulling the trigger
- Feed ramp
- Includes ear plugs and firearms lock
- 11 degree target crown

The industry’s safest micro rimfire has come of age—and it’s ready to shoot, right out of the box. The Rascal Target XP comes with a mounted and

boresighted 4x32mm scope, as well as a bipod sling swivel stud mount. It’s built for accuracy and adaptability, thanks to a precision hardwood stock, heavy 16 1/8-inch barrel, one-piece Picatinny rail and threaded (1/2-28) muzzle. Like the original Rascal, the single shot rifle cocks by lifting the bolt and unloads easily—without pulling the trigger. The design also builds superior shooting skills thanks to full-size rifle features, including Savage’s user-adjustable AccuTrigger™ system. The platform offers far better safety, functionality and accuracy than competing designs.

North American SKUs

SKU	CALIBER	HANDED	Barrel Length	Weight	MSRP
13824	22 LR	Right	16.125" (41 cm)	5.95 lbs (2.7 kg)	$489
